Contract Highlights

VGM Forbin offers award-winning web solutions for the healthcare industry. For over 18 years, VGM Forbin has served healthcare businesses with unique websites and web applications that streamline their business systems and promote their services to their target audience. VGM Forbin offers discounted pricing on all web services to VGM Group members and supplier partners.

VGM Forbin has applied years of experience in healthcare web design to several affordable, healthcare-specific web solutions including the PowerWeb, the Hospice Ordering Portal and the HME Ecommerce Solution. Each of these web solutions are regularly updated to meet the latest website trends and are customized to each business, featuring a user-friendly content management system, an online catalog with over 17,000 pre-loaded products, a patient resource center and more.

VGM Forbin also offers search and social marketing solutions to help accelerate traffic, rank higher on search engine listings and engage with customers on social media platforms. Web Marketing Specialists help VGM Forbin customers achieve their web marketing goals through our Social Performance Plans, Blogging, Hourly SEO, Search Engine Marketing and Custom Facebook Tab Design.

Products

Our web solutions for the healthcare industry include web design, search engine optimization, search ending marketing, social media marketing, mobile apps, custom online business system development, PURL campaigns, e-commerce websites and much more.
